CARE & MAINTENANCE

Our Care & Maintenance offers guidance for optimal maintenance of your HAY product. It includes advice and instructions on cleaning and caring for specific materials to prolong the life of your furniture. Find the guide

[LINK TO CARE & MAINTENANCE](#)

FSC™ CERTIFICATION

HAY is FSC™ certified. FSC (Forest Stewardship Council) is an international non-profit organisation and a labelling system for wood and paper that originate from certified forestry and other controlled sources. HAY's FSC license code is: FSC™-C148805. Only products that are identified as FSC™ are made from FSC-certified materials.

ECOLABELS

The Nordic Swan Ecolabel is the official ecolabel in the Nordics and the EU Ecolabel is the official ecolabel in Europe. They work to reduce the overall environmental impact from production and consumption. To ensure maximum environmental impact, the Nordic Swan Ecolabel and the EU Ecolabel take an entire life cycle approach and look at the full product journey. This means that the ecolabels evaluate the environmental impact of the specific product type and set requirements in all relevant stages of the product life cycle – from raw materials, production and use, to waste, re-use and recycling.

Both the Nordic Swan Ecolabel and the EU Ecolabel promote circular economy and are powerful tools for securing a sustainable future. HAY supports this by developing sustainable, quality products that are designed to last. All constructed with the focus on the disassembly and recycling of the product at the end of its life.

TRIMAN

The Triman symbol contains information and instructions on how to sort or bring your product or packaging to a recycling point.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.

NEW ORDER COMBINATIOS | OVERVIEW

Design by Stefan Diez

Developed in collaboration with HAY, Stefan Diez's New Order is a versatile shelving system designed to complement contemporary lifestyles. The simple open-grid construction serves as a flexible and functional framework that enables the user to select pre-defined storage solutions to suit specific needs. New Order is offered in a wide variety of different colours and combinations in a selection of pre-configured combinations that are suitable for use in the living room, kitchen or home office, as well as in professional environments.

NEW ORDER TABLE | OVERVIEW

Design by Stefan Diez

Featuring a simple construction in long-lasting materials, the New Order Table combine functional and aesthetic qualities in a versatile table design. With a light, durable aluminium frame and tabletop in different material and colour options, the table's framework can be supplemented with cable management solution and dividers to improve functionality and organisation.
