## Office swivel chair in accordance with EN 1335 and with Ergonomic Seal of Approval.

**Seat mechanism:** synchronised mechanism with automatic weight adjustment and two backrest resistance settings (hard or soft). Equipped as standard with seat height and seat depth adjustment. Optionally available with or without synchronised forward tilt (can be disengaged). Mechanism can be locked in upright sitting position. Seat mechanism matches the frame colour (deep black or soft grey).

**Seat upholstery:** polyurethane foam. Knit or fabric seat cover.

**Backrest:** back frame with semi-closed shell and slightly transparent knit cover. Frame made of polypropylene (deep black or soft grey). Optional height-adjustable lumbar cushion.

**Armrests:** height-adjustable armrests or 3D armrests with adjustable height, width and depth. Armrest supports made of polyamide in deep black or soft grey (to match frame colour). With PU-foam-free (F) pads in basic dark (for frame colour basic dark) or dim grey (for frame colour soft grey). Available either with fixed armrests in polypropylene (deep black or soft grey to match frame colour) or without armrests.

**Base:** five-star base made of polyamide in deep black or soft grey (to match frame colour), with double castors (Ø 60 mm).

**Packaging:** standard delivery assembled in plastic bag.

# Eames Plastic Chairs RE

Charles & Ray Eames, 1950

vitra.

PACC

All measurements are pursuant to EN 1335-1:2000  
More detailed information is found in the chapter 'Explanation of measurements'.

**Seat shell:** dyed-through, recycled polypropylene, 100% recyclable. All models are available with a seat cushion (screwed to the seat shell) or full upholstery. The fully upholstered version has moulded polyurethane foam padding covered in fabric, attached to the shell with a welted edge. Different shell and upholstery colours and various bases provide a multitude of possible combinations.

**Note:** due to the composition of the recycled material, the seat shell colours exhibit very subtle specks of pigment.

**Options:** the Eames Plastic Chair RE is available as a visitor chair, dining chair, rocking chair, swivel chair or in stacking versions and with ganging brackets for row seating. Beam-mounted shells are suited for use in waiting areas.

**Base:** five-star base in polished die-cast aluminium with double castors in basic dark. (PACC = Pivot Armchair Cast Base on Castors)

## ID Chair Concept

ID Chair Concept is a chair system that can be configured based on the user's individual needs and preferences and gives the office a subtly elegant design and bright colours.

The office swivel chair range is made up of many components to satisfy a wide number of requirements in terms of aesthetics, materials, purpose and price. The right ID Chair can be chosen based on the following models:

- **ID Cloud** with membrane structure backrest.
- **ID Air** with perforated plastic backrest.
- **ID Mesh** with padded mesh backrest.
- **ID Soft** with classic upholstered backrest.
- **ID Soft L** with high backrest.
- **ID Trim** with narrow backrest.
- **ID Trim L** with high backrest.

Starting with these models, different ID Chairs can be configured by selecting from the diverse mechanisms, seats, armrests, bases, frame colours and covers.

More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair with 2D or 3D armrests in accordance with EN 1335, Ergonomic Seal of Approval (LGA Nuremberg). Complies with BS 5459-2 (24-hour/150kg test).

**Seat mechanism:** FlowMotion mechanism, lockable in upright sitting position. Seat mechanism matches the frame colour (basic dark or soft grey). Optionally with or without synchronous forward tilt (can be disabled) or seat depth adjustment. Individual adjustment of backrest resistance and forward tilt.

**Backrest:** height-adjustable backrest with a three-part construction: frame in polyamide, membrane in TPE and knit cover. Back connection in basic dark or soft grey. Knit cover in Duo Knit.

**Armrests:** 2D armrests with adjustable height and width or 3D armrests with adjustable height, width and depth and 360° swivel function. Armrest supports in aluminium, polished or powder-coated in the colours basic dark or soft grey (to match the frame colour). Armrest sleeves in polyamide are matched to the frame colour (basic dark or soft grey). With PU-foam-free (F) pads in basic dark (for frame colour basic dark) or dim grey (for frame colour soft grey). Optionally available with ring armrests for use in conference settings, made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour).

**Seat:** polyurethane foam padding. Optional contour seat. Seat cover in woven fabric or 3D spacer fabric.

**Base:** five-star base in polyamide (basic dark) or die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour), with double castors (Ø 60 mm) or glides.

**Conference version:** conference chair (swivel) with four-star base made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match frame colour) on glides in accordance with EN 16139. FlowMotion conference mechanism (no forward tilt, no seat depth adjustment) with individual adjustment of backrest resistance; fixed seat height with shock-absorbing seat suspension for added comfort.

All measurements are pursuant to EN 1335-1:2000  
More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair with 2D or 3D armrests in accordance with EN 1335, Ergonomic Seal of Approval (LGA Nuremberg). Complies with BS 5459-2 (24-hour/150kg test).

**Seat mechanism:** FlowMotion mechanism, lockable in upright sitting position. Seat mechanism matches the frame colour (basic dark or soft grey). Optionally with or without synchronous forward tilt (can be disabled) or seat depth adjustment. Individual adjustment of backrest resistance and forward tilt.

**Backrest:** frame in polyamide (basic dark or soft grey). With height-adjustable lumbar support. Backrest cover in Diamond Mesh 3D spacer fabric (mesh look) or Silk Mesh (solid look). For Silk Mesh in the colour soft grey, the reverse side is in soft grey. For Silk Mesh in the colours nero and asphalt, the reverse side is in nero. For Silk Mesh in the colours olive green, smoke blue and dim grey, the reverse side matches the frame colour (soft grey or nero).

**Armrests:** 2D armrests with adjustable height and width or 3D armrests with adjustable height, width and depth and 360° swivel function. Armrest supports in aluminium, polished or powder-coated in the colours basic dark or soft grey (to match the frame colour). Armrest sleeves in polyamide are matched to the frame colour (basic dark or soft grey). With PU-foam-free (F) pads in basic dark (for frame colour basic dark) or dim grey (for frame colour soft grey). Optionally available with ring armrests for use in conference settings, made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour).

**Seat:** polyurethane foam padding. Optional contour seat. Seat cover in woven fabric or 3D spacer fabric.

**Base:** five-star base in polyamide (basic dark) or die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour), with double castors (Ø 60 mm) or glides.

**Accessories:** headrest in polyamide (basic dark or soft grey) with adjustable angle and height, retrofit option. With polyurethane pad in basic dark (for headrest in basic dark) or dim grey (for headrest in soft grey). Clothes hanger in polyamide (basic dark or soft grey), retrofit option (max. weight load: 2 kg). Headrest and clothes hanger can be used separately or combined.

**Conference version:** conference chair (swivel) with four-star base made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match frame colour) on glides in accordance with EN 16139. FlowMotion conference mechanism (no forward tilt, no seat depth adjustment) with individual adjustment of backrest resistance; fixed seat height with shock-absorbing seat suspension for added comfort.

Optionally with or without synchronous forward tilt (can be disabled) or seat depth adjustment. Individual adjustment of backrest resistance and forward tilt.

**Backrest:** frame in polyamide (basic dark or soft grey). Optional height-adjustable lumbar cushion. Cover in fabric or leather.

**Armrests:** 2D armrests with adjustable height and width or 3D armrests with adjustable height, width and depth and 360° swivel function. Armrest supports in aluminium, polished or powder-coated in the colours basic dark or soft grey (to match the frame colour). Armrest sleeves in polyamide are matched to the frame colour (basic dark or soft grey). With PU-foam-free (F) pads in basic dark (for frame colour basic dark) or dim grey (for frame colour soft grey). Optionally available with ring armrests for use in conference settings, made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour).

**Seat:** polyurethane foam padding. Optionally available with contoured seat. Seat and back covers in fabric or leather. Leather covers are not recommended for chairs with forward tilt, since a leather surface might cause users to slide off the seat.

**Base:** five-star base in polyamide (basic dark) or die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour), with double castors (Ø 60 mm) or glides.

**Accessories:** clothes hanger in polyamide (basic dark or soft grey), max. weight load: 2 kg.

**Conference version:** conference chair (swivel) with four-star base made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match frame colour) on glides in accordance with EN 16139. FlowMotion conference mechanism (no forward tilt, no seat depth adjustment) with individual adjustment of backrest resistance; fixed seat height with shock-absorbing seat suspension for added comfort.

ID Trim L with 3D armrests and clothes hanger

ID Trim L with ring armrests

ID Trim L with ring armrests

All measurements are pursuant to EN 1335-1:2000

More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair with 2D or 3D armrests in accordance with EN 1335, Ergonomic Seal of Approval (LGA Nuremberg). Complies with BS 5459-2 (24-hour/150kg test).

**Seat mechanism:** FlowMotion mechanism, lockable in upright sitting position. Seat mechanism matches the frame colour (basic dark or soft grey). Optionally with or without synchronous forward tilt (can be disabled) or seat depth adjustment. Individual adjustment of backrest resistance and forward tilt.

**Backrest:** high backrest with integrated, height-adjustable headrest. Backrest frame in polyamide (basic dark or soft grey). Optional height-adjustable lumbar cushion. Cover in fabric or leather. Headrest for leather upholstery in the corresponding leather colour; for fabric upholstery, headrest covered in dim grey leather or nero leather.

**Armrests:** 2D armrests with adjustable height and width or 3D armrests with adjustable height, width and depth and 360° swivel function. Armrest supports in aluminium, polished or powder-coated in the colours basic dark or soft grey (to match the frame colour). Armrest sleeves in polyamide are matched to the frame colour (basic dark or soft grey). With PU-foam-free (F) pads in basic dark (for frame colour basic dark) or dim grey (for frame colour soft grey). Optionally available with ring armrests for use in conference settings, made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour).

**Seat:** polyurethane foam padding. Optionally available with contoured seat. Seat and back covers in fabric or leather. Leather covers are not recommended for chairs with forward tilt, since a leather surface might cause users to slide off the seat.

**Base:** five-star base in polyamide (basic dark) or die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour), with double castors (Ø 60 mm) or glides.

**Accessories:** clothes hanger in polyamide (basic dark or soft grey), max. weight load: 2 kg.

**Conference version:** conference chair (swivel) with four-star base made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match frame colour) on glides in accordance with EN 16139. FlowMotion conference mechanism (no forward tilt, no seat depth adjustment) with individual adjustment of backrest resistance; fixed seat height with shock-absorbing seat suspension for added comfort.

More detailed information is found in the chapter 'Explanation of measurements'.

#### Office swivel chair in accordance with EN 1335.

**Mechanical unit:** mechanism in aluminium with automatic weight adjustment and locking feature. Equipped as standard with seat height adjustment and forward tilt.

**Backrest:** backrest with armrests, made of 100% recycled post-industrial polyamide (100% recyclable) or natural oak veneer.

**Seat:** made of 100% recycled post-industrial polyamide (100% recyclable) or natural oak veneer.

**Upholstery:** seat cushion made of polyurethane foam with fabric cover, back cushion made of polyester fibre with fabric cover.

**Base:** four-star base in aluminium with powder-coated or blasted finish, equipped with double castors (Ø 50 mm) or glides, mechanism and frame colour matched to base; or five-star base in polyamide (deep black), equipped with double castors (Ø 50 mm), mechanism and matching frame in a choice of colour versions.

**Packaging:** delivered assembled in polyethylene bag, on request in cardboard box.

# Softshell Chair

Ronan & Erwan Bouroullec, 2008

All measurements are pursuant to EN 1335-1:2000  
More detailed information is found in the chapter 'Explanation of measurements'.

**Backrest and seat:** flexible upper backrest shell. Seat and backrest shell in fibreglass-reinforced polyamide. Seat and backrest upholstery in polyurethane foam. Armrests are integrated in the seat shell. With two seams along the sides of the backrest.

**Five-star base:** powder-coated (basic dark) or polished aluminium.
